EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
Dual Degree B.Tech-M.Tech (CSE)	National Forensic Science University	8.47 (SGPA)	2025-2030
Senior Secondary (XII)	Gail DAV Public School (CBSE)	86.6%	2024
Secondary (X)	Gail DAV Public School (CBSE)	98%	2022

EXPERIENCE

- Indian Institute of Information Technology, Nagpur** 2026
Research Intern | Supervisor: Dr. Swati Hira
 - Contributed to research on a unified hyperspectral image analysis model combining self-supervised pretraining, spectral-spatial attention, and uncertainty-aware domain adaptation.
 - Performed data cleaning, EDA, and preprocessing on standard hyperspectral benchmark datasets to support model generalisation across unseen scenes.
 - Assisted in evaluating transformer-based and foundation model architectures for remote-sensing and hyperspectral learning tasks.
- Android Lucknow** Mar 2026 – Present
Core Team — Event Management
 - Spearheaded event coordination and community outreach for a 300+ member developer network, driving a measurable rise in student participation across tech events.
 - Managed end-to-end execution of workshops and meetups, streamlining logistics and inter-team communication.
- Byte Battalion, UPSIFS** Jul 2026 – Present
Technical Head
 - Lead technical planning and execution of coding workshops, cybersecurity events, and technical sessions for the student community.
 - Coordinate technical teams, mentor student members, and oversee club activities and event execution.
- Matiks** 2026
Point of Contact (POC)
 - Organized the Matiks League at UPSIFS with participation from 100+ students.
 - Coordinated registrations, event logistics, and communication between organizers and participants to ensure smooth execution.
- Nerds Room** Jan 2026 – Present
Core Member — Lucknow NerdsRoom
 - Served as a Core Member of the Lucknow chapter of Nerds Room, contributing to events and initiatives within a 30,000+ member nationwide developer community.
 - Coordinated workshops, speaker sessions, and community engagement activities for student developers.
- Perplexity AI** Oct 2025 – Nov 2025
Campus Strategist Partner
 - Led on-campus outreach campaigns to promote AI-assisted research tools, onboarding new users and gathering structured product feedback.
- Goibibo | Supershare** Jan 2026 / 2022
Campus Ambassador
 - Drove campus-level brand awareness and user acquisition through targeted outreach, workshops, and social media campaigns for two separate organisations.

RESEARCH PUBLICATIONS

- Conference Paper Submitted** Jul 2026
CVIP 2026
 - Co-author (3rd author): “Explainable Transformer-Based Prediction of Soil Chemical Properties from PIKA NIR Hyperspectral Images Using Spectral Attention and Physically Interpretable Wavelength Selection.”
 - Submitted to the Conference on Computer Vision, Image Processing and Graphics (CVIP 2026).

PROJECTS

- Explainable Transformer-Based Prediction of Soil Chemical Properties** 2026
Research Project | Python, Hyperspectral Imaging, PCA, Remote Sensing
 - Assisted in developing an explainable transformer-based pipeline for soil chemical property prediction using PIKA NIR hyperspectral imagery.
 - Conducted exploratory data analysis, spectral filtering, preprocessing, PCA-based dimensionality reduction, and preparation of hyperspectral datasets for training and evaluation.
 - Contributed to literature review, manuscript writing, and experimental analysis supporting the research publication.
- Roomly** 2026
Roommate & Hostel Management Platform | itsroomly.vercel.app | React, TypeScript, Supabase, Firebase, Tailwind CSS
 - Built a full-stack web platform enabling students to discover roommates, list hostel rooms, and manage accommodation preferences through authenticated college accounts.

- Implemented Google authentication using Firebase and real-time data management with Supabase, including room listings, user profiles, and maintenance reporting.
- Designed a responsive UI with advanced filtering and onboarding workflows to improve room discovery and student engagement.
- **Aarogya Xpress** 2025
AI Healthcare Platform | aarogyaxpress.in
 - Developed an AI-assisted platform for medicine detection and rural healthcare support, with a focus on accessible UI/UX design for low-literacy and low-connectivity environments.
- **School Timetable & Teacher Substitution Management System** 2026
Cloud-based Scheduling System | Python, MySQL, AWS RDS, SQL, Git
 - Engineered an automated timetable management system that tracks free periods and handles teacher absences by generating substitution plans in real time.
 - Integrated AWS RDS for cloud-hosted database access and built the project collaboratively using a Git-based workflow.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++, SQL, JavaScript, TypeScript
- **Web Development:** React.js, TypeScript, Tailwind CSS, HTML, CSS, Firebase, Supabase
- **AI / Machine Learning:** Machine Learning Fundamentals, Deep Learning Basics, Transformers, Computer Vision, Image Processing, Hyperspectral Data Analysis, PCA
- **Data Science Libraries:** NumPy, Pandas, OpenCV, Matplotlib, Scikit-learn (Basics)
- **Cybersecurity Fundamentals:** Computer Networks Basics, Linux Fundamentals, Cybersecurity Concepts, Digital Forensics Basics, Ethical Hacking Basics
- **Cloud & Databases:** AWS RDS, Firebase, Supabase, MySQL, Database Management Systems
- **Developer Tools:** Git, GitHub, VS Code, Jupyter Notebook, Linux
- **Coursework:** Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, Machine Learning Fundamentals
- **Soft Skills:** Communication, Public Speaking, Leadership, Community Building, Team Collaboration

ACHIEVEMENTS

- **Selected for Summer Research Internship** — Intelligent Systems & Hardware Security Lab, NIT Delhi May 2026
 - **Top 6 Position** — Zen Hack AI Hackathon, IIIT Manipur April 2026
 - **Shortlisted for MeitY Internship** — DTU – MeitY AI Cyber Security Audit Tool April 2026
 - **Startup Finalist** — Pitch It Up 2026 (IIT Patna) & ARIC Pitching (IIIT Gwalior) Jan 2026
 - **Selected in Top 8 Teams** — Regionals BeCon IIT Delhi 2026 — Shortlisted from 2800+ Teams Dec 2025
 - **National Finalist & State Winner** — D3 Tech Fest, IIIT Bhubaneswar (Selected for Nationals) Oct 2025
 - **Certificate of Achievement** — Google AI Code to Learn Aug 2018
-
